Pam – Please forward the Dico CIP to Erin McCoy for her review with a cc to me.

Consistent with my note below, I have only had time to skim through the document – but due to timing issues would like for you to forward the document to Erin for her to review.

I will provide comments and review later in the concurrence line.

Please let me know if you have questions or concerns.

Thanks,

Pam – please let me know if you recall, my providing concurrence while teleworking in order to keep the process moving over a week ago.

I thought our conversation was to keep the review moving and that I would add my edits later in the process.

In order to tighten up my process this FY – I am instituting a sign-in sheet for concurrence documents for better tracking.

Thanks for all your continued good work.

Do any of you have the Des Moines TCE CIP? It was going through concurrence but Pam and I haven't seen in a week or two and aren't sure where it is in the process. Thanks!
